SUMMARY

A Web Developer and UI/UX Designer with a basic foundation in UI/UX and hands-on experience supporting IT development initiatives. Proven ability to bridge organizational needs with technical solutions, having collaborated with IT teams to build website front-end and back-end code, as well as customizing Line of Business (LOB) applications. Eager to leverage skills in advanced HTML, CSS, and Bootstrap, while actively learning Full Stack Development to transition fully into software engineering.

EXPERIENCE

Assistant H.R. Manager

Preenja Apparels INC. – New Delhi | [10/2020] – [11/2025]

- Collaborated with the IT Department to assist in building front-end design and back-end coding for the company website.
- Managed cross-departmental communications to align technical and administrative tasks with organizational goals.
- Maintained internal databases to ensure accurate, up-to-date employee information across multiple subsidiary companies.

Senior H.R. Executive

Archcon Infrastructure PVT. LTD. – New Delhi | [10/2018] – [03/2020]

- Customized and built Line of Business (LOB) applications under the direct guidance of the IT Department.
- Assisted IT personnel in setting up and configuring local area networks.
- Maintained digital employee records and verified contractor data for billing approvals.

Assistant H.R. Executive

InterContinental Merchandise – New Delhi | [08/2017] – [09/2018]

- Configured employee computers, set up printer IP addresses, and installed necessary software under the guidance of the IT Manager.
- Implemented and configured a biometric hardware system to register and maintain employee data for attendance tracking.
- Supported management with various administrative tasks and compliance documentation.

EDUCATION

- B.A. Political Science Hons – SOL Delhi University (2015-2019)
